

MERIONETH RECORDS

V. A RENTAL OF CROWN LANDS IN THE COMMOTE OF ESTIMANNER,
1633

[The rental printed below is one of a small group of fiscal papers presented to the National Library of Wales in 1927 by Mrs. Wynne of Peniarth. Though this rental, consisting of six membranes of parchment, is incomplete, the sixth membrane wanting its lower third, it is an interesting record. Students of placenames and of genealogy will find it particularly useful. The inclusion of the names of the undertenants as well as those of the Crown lessees is a valuable feature of the rental. It will be seen that the greater part of the record relates to the parish of Towyn, with its townships of Botalog, Caethle, Cefnrhos, Cynfal, Penmaen, and Treferion. The parishes of Fennal and Tal-y-llyn are also included. The fourth parish of Estimanner (Llanfihangel y Pennant) is not represented, probably because the roll is not complete. The original rental, apart from a few lapses into English, is entirely in Latin.—E.D.J.]
